COURSE OUTLINE

2025/2026

COURSE NAME: UI/UX for Developers
COURSE CODE: SDEV1701

COURSE DESCRIPTION

Students in this course will learn a foundation in User Interface (UI) design while covering the essential concepts of HTML (HyperText Markup Language) and CSS (Cascading Style Sheets). Topics explored will include core design principles, semantic structure, layout design, and other visual aspects for digital applications.

Course Credits: 3.00

LEARNING OUTCOMES

OUTCOME	Upon successful completion of this course, you will be able to
1	Write well-structured HTML and apply and use CSS for the web. The following concepts, skills, and issues are used to support this Outcome: • Use HTML to design static web pages • Explain why content is marked up with the specific HTML • Apply fundamental CSS to HTML • Design web pages using different CSS layout models • Describe the CSS that was applied and the reasoning behind its application
2	Create low fidelity wireframes to organize and structure information logically in a web application. The following concepts, skills, and issues are used to support this Outcome: • Apply HTML and CSS to design wireframes • Use modern design patterns to build attractive and familiar web pages • Explain the decisions behind design choices
3	Utilize fundamental design principles to create inclusive and accessible user friendly applications. The following concepts, skills, and issues are used to support this Outcome: • Explain the user flows behind design choices • Create flow diagrams to show different user flows on a website • Design modern web layouts

4	Utilize frameworks and libraries in the ecosystem to enable the creation of visually appealing User Interfaces, with reusable components. The following concepts, skills, and issues are used to support this Outcome: • Style websites using modern styling frameworks • Design reusable components that can be used in multiple places on a website

STUDENT EVALUATION

OUTCOME	ACTIVITY DESCRIPTION	MARK DISTRIBUTION
1 and 2	Assignment – Non-styled, multi-page website (HTML Only)	15%
1 and 2	Assignment – CSS styled website (HTML Provided)	15%
3	Assignment – Write HTML and CSS for a website and include user flow diagrams	20%
1	Lab – Single page HTML	5%
1	Lab – Single page CSS styling	5%
3	Lab – Write user flows for a given website	5%
1, 2 and 4	Lab - Components	5%
1, 2 and 4	Lab – CSS Frameworks	5%
1, 2 and 4	Assignment – Social Media Website	25%
	TOTAL	**100%**

COURSE COMPLETION REQUIREMENTS

To successfully complete this course, students must achieve an overall average of at least 50%.

STUDENT EQUIPMENT AND SUPPLIES

This program has implemented bring your own device (BYOD). Please ensure you have a laptop with the minimum specifications for your program. See the NAIT website for laptop requirements. All other equipment and supplies are listed in the course syllabus.

DELIVERY METHOD

This course will be taught using a variety of delivery methods which may include face-to-face, online, or blended teaching platforms. Activities such as collaborative exercises/assignments, seminars, labs, discussions, audio/visual presentations, and case studies may be used to support learning.

ADDITIONAL INFORMATION

All course assessments are expected to be completed before the specified deadline date and time. Extensions will only be considered for those students that have an accommodation letter from NAIT's Learning Services or are impacted by extenuating circumstances. Please be aware that students with accommodations will receive a maximum of 2 additional days on assessments. Please refer to your Brightspace course for further details regarding the program's assessment deadline policy.

STUDENT RESPONSIBILITY

It is expected that students will be responsible citizens of the Institute by following the Student Rights and Responsibilities Policy(SR 1.0). As such, each student will assist in the preservation of Institute property, and assume responsibility for their education by staying informed of and abiding by academic requirements and policies; demonstrating respect toward others; and meet expectations concerning attendance, assignments, deadlines, and appointments.

EQUITY AND INCLUSION STATEMENT

NAIT is committed to advancing equity and to actively and intentionally creating learning environments that promote a sense of belonging and dignity that ensure all people are safe, respected and valued. Acknowledging that every member of the NAIT community has a role in and responsibility to this work, NAIT provides the resources and support necessary for programs, departments and individuals to champion equity, diversity and inclusion and address barriers in meaningful ways.

TERRITORIAL ACKNOWLEDGEMENT

At NAIT, we honour and acknowledge that the land on which we learn, work and live is Treaty Six territory. We seek to learn from history and the lessons that have come before us, and to draw on the wisdom of the First Peoples in Canada. Only through learning can we move forward in truth and reconciliation, and to a better future together.

Leadership Review Date: October 30, 2024

Changes to This Course Outline: Every effort has been made to ensure that information in this course outline is accurate at the time of publication. The Institute reserves the right to change courses if it becomes necessary so that course content remains relevant. In such cases, the instructor will give the students clear and timely notice of the changes.
